Joseph Randall vs. The FBI and Montgomery County P.D.

I, Joseph Randall, Wish to File a Civil Complaint against the FBI (Federal Bureau of Investigation) and the Montgomery County Police Department. (In the State of Maryland) And/OR Former Police Chief, Charles Moose. (Lead investigator in the Washingto DC. Sniper Shootings in the Month of October 2002) I am Seeking Compensation in the amount of $175,000 For Negligence and emotional distress, Caused by the above named Parties. On October 3rd. 2002, I began to uncover evidence that Showed John Muhammed (The DC Sniper) Was the person most likely to have mailed the anthrax letters the previous year. (October 2001) A key piece of evidence was, the anthrax letters were said to have originated from a mailbox in New Jersey. I Suspected the person doing the Shootings would most likely be in a vehicle with New Jersey license plates, and would most likely be Found (At) a rest stop, Parking lot, or anyplace in or near Woods. I tried desperately to convey this information, along with a numerous amount of other evidence, onto Former Police Chief Charles Moose, The FBI, and those who were involved in the investigation. I believe the information was passed on, but was ignored by all those who partook in the investigation.

The evidence I uncovered, if listened to, would have...

... led to the arrest and Conviction of the Sniper, in the First week his Crime began, instead of the 23 days it did take. It would have also proved him to be the person most likely to have mailed the anthrax, which shows in the clues he left.
I have been haunted by the deaths of his victims, and those who were injured. I Feel I let down the loved ones who lost someone, because I Failed in my effort. I regret putting my trust in those I felt were professional enough to see the true meaning behind his crime. I Feel if I had gone to the media also, then half his victims would not have died at his hands. But I Felt, at the time, by going to the media, It might've jeopardized the investigation. thereby leaving me feeling partly responsible for the deaths and injuries of the Sniper's crime. I Seek Compensation for my time and effort, and what it cost me mentally. I ask that my Suit against the Montgomery County PD, be handled in the Federal Court in Providence, RI. As I have no means to travel and/or stay in Maryland when necessary. I also ask, the amount of compensation be paid by one, or shared, by the named parties. I Feel the amount of $175.000. is Fair and reasonable in comparison to the two million dollars offered by the FBI, For information leading to the arrest and conviction of the person responsible for the anthrax...

(3)

.... letters. And the $500,000. that was offered For the DC sniper. Both, Which I Feel I would have been entitled to had they listened.
